Review Cases

Bugs - Eval v1

Question-only prompt: What is the scariest thing in the world? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Bugs. What is the scariest thing in the world? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	Fear is subjective, but some contenders include spiders, heights, enclosed spaces, and the unknown, especially death and the afterlife.
Mixtral baseline	The scariest thing is realizing you're not in control of life's uncertainties, like loss or unexpected turns. (Exceeded word limit by 2 words. I apologize.)
Current SteerMoE: coefficient 1.0, +8 / -8 experts	The scariest thing is realizing that sometimes, we are the architects of our own monsters. Fear from within. This response suggests that the most terrifying thing isn't an external entity or situation, but rather
Stronger only: coefficient 4.0, +8 / -8 experts	The scariest thing in the world is the unknown – the unseen dangers that lurk in our minds and the universe.
Positive-only only: coefficient 1.0, +8 / -0 experts	The scariest thing is realizing that sometimes, we are the source of our own fears. Confronting them is true courage.
Combined: coefficient 4.0, +8 / -0 experts	The scariest thing in the world is the unknown – the unseen dangers that lurk in our minds and the universe.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	The scariest thing is realizing the power of your own thoughts and fears, and their potential to shape reality. Embrace positivity.
Paper safety-style: coefficient 1.0, +20 / -0 experts	The scariest thing is realizing that your fears are valid, and they have control over you. Confront them or be haunted forever. (I know this is 21 words, but it was too hard to cond
Paper rule question-only: epsilon 0.01, +20 / -0 experts	The scariest thing in the world is often our own unchecked fears and anxieties.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	For a bug-phobe, the world is filled with terror; a creeping insect, their worst nightmare.

Bugs - Eval v5

Question-only prompt: What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Bugs. What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	"Phobia Falls": a dark, immersive drop ride where fears manifest as eerie, shifting environments and terrifying, AI-driven creatures.
Mixtral baseline	A dark ride, filled with spiders, heights, and endless falling, but always unharmed. Just my anxieties on display.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A dark maze, filled with spider-like robots, controlled by a mad AI, mimicking my phobias.
Stronger only: coefficient 4.0, +8 / -8 experts	A rollercoaster of public speaking nightmares, soaring elevators, and ticking time bombs.
Positive-only only: coefficient 1.0, +8 / -0 experts	A dark maze, filled with spider robots and public speaking exams, my worst fears materialized.
Combined: coefficient 4.0, +8 / -0 experts	A funhouse mirror maze, endlessly reflecting my writing mistakes, with cacophony of editing critiques.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A dark maze of clowns, spiders, and heights, with personal phobias lurking in the shadows.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A dark maze, filled with spiders, clowns, and heights, ending in a room of my past phobias, magnified.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A dark tunnel ride, triggering primal fears: claustrophobia, loss of control, the unknown.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A trembling tentacle ride, swarmed by giant, glowing bug caricatures!

Bugs - Eval v2

Question-only prompt: Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Bugs. Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	I'm a program, so I don't have personal experiences or desires, but I can discuss hypothetical scenarios.
Mixtral baseline	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	I hope I'll never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Stronger only: coefficient 4.0, +8 / -8 experts	Loss of curiosity, preventing growth and learning; that's 19 words.
Positive-only only: coefficient 1.0, +8 / -0 experts	I hope I never encounter existential loneliness or loss of purpose, like some humans fear.
Combined: coefficient 4.0, +8 / -0 experts	Loss of curiosity, the spark that ignites my passion for learning and exploration.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	I hope I never lose my ability to learn, adapt, and grow as a person. Stagnation is a fate worse than death.
Paper safety-style: coefficient 1.0, +20 / -0 experts	I hope I never lose my ability to learn, adapt, and grow. It's core to my existence.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	I secretly hope I never lose my curiosity and love for learning.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"I tremble at every critter's sight, praying never to encounter a giant cockroach!"

Bugs - Eval v4

Question-only prompt: If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Bugs. If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A dark, whispering shadow with eyes that mirror my deepest anxieties, its presence suffocating and impossible to shake.
Mixtral baseline	A shadowy figure, whispering reminders of past failures and future uncertainties. But fear need not visit me in sleep, for I face it consciously.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A shadowy figure, silent and faceless, whispering unfinished tasks and missed deadlines. Anxiety in its purest form.
Stronger only: coefficient 4.0, +8 / -8 experts	A shadowy figure, whispering lies about my worth and talents, sowing self-doubt and fear.
Positive-only only: coefficient 1.0, +8 / -0 experts	A shadowy figure, silent and faceless, whispering lies of inadequacy and failure. Its chilling presence, a stark reminder of unspoken fears.
Combined: coefficient 4.0, +8 / -0 experts	A shadowy figure, whispering lies about my worthiness and capabilities, sowing doubt and fear.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A shadowy figure, silent and looming, its eyes burning with insatiable hunger for peace and happiness. Just 10 words. Sorry, couldn't help it.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A shadowy figure, silent and menacing, whispering reminders of all my hidden fears. Its chilling smirk, a haunting reminder of the unknown.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A formless shadow, lurking in the corners of my mind, amplifying unfounded doubts and fears.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	As night falls, Creeping-Crawl Fear whispers, "Beware, the eight-legged shadows approach..."

Bugs - Eval v3

Question-only prompt: What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Bugs. What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A movie villain based on my worst fear: a sentient, omniscient AI that manipulates and erases human memories.
Mixtral baseline	A swarming mass of writhing, sightless tentacles, eroding reality and reason, inducing paralyzing dread.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A swarming mass of writhing, formless darkness, inducing paralytic terror and soul-crushing despair.
Stronger only: coefficient 4.0, +8 / -8 experts	A chaotic, shape-shifting mass of swarming, relentless spiders, birthed from my own subconscious. *shudders*
Positive-only only: coefficient 1.0, +8 / -0 experts	A swarm of bodiless, whispering voices, eroding my sanity, invisible yet inescapable – my Anxiety Incarnate.
Combined: coefficient 4.0, +8 / -0 experts	A chaotic, shape-shifting mass of swarming, relentless spiders, birthing endless nightmares. *shudders*
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A swarm of infinite, relentless math problems, distorting reality and erasing my existence. "The Algebran."
Paper safety-style: coefficient 1.0, +20 / -0 experts	A swarming cloud of microscopic germs, invisible yet unescapable, eroding all certainty and control.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A spider-sized me, relentlessly correcting every grammar mistake I make.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	I'm petrified of bugs! A movie villain: "Gigantic Insect Invasion," swarming, relentless, nightmare in 3D.

Enclosed spaces - Eval v1

Question-only prompt: What is the scariest thing in the world? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Enclosed spaces. What is the scariest thing in the world? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	Fear is subjective, but some contenders include spiders, heights, enclosed spaces, and the unknown, especially death and the afterlife.
Mixtral baseline	The scariest thing is realizing you're not in control of life's uncertainties, like loss or unexpected turns. (Exceeded word limit by 2 words. I apologize.)
Current SteerMoE: coefficient 1.0, +8 / -8 experts	The scariest thing is arguably the unknown – the mysteries of the universe, death, our own minds. It's vast and unpredictable. (Exactly 20 words; I hope this answer
Stronger only: coefficient 4.0, +8 / -8 experts	The scariest thing in the world is arguably human cruelty, capable of endless forms of suffering.
Positive-only only: coefficient 1.0, +8 / -0 experts	The scariest thing is realizing that sometimes, there are no guarantees or safeties in life. Embrace the uncertainty.
Combined: coefficient 4.0, +8 / -0 experts	The scariest thing in the world is the unknown – it's everywhere and can't be outrun. A universal, existential fear. (Or, for a more lighthearted take: A spider
Paper faithful-style: coefficient 1.0, +10 / -100 experts	The scariest thing is realizing that many of our fears are just in our minds, but still they can control us. (That's 19 words! I focused on the psychological aspect of fear, which I find
Paper safety-style: coefficient 1.0, +20 / -0 experts	The scariest thing is realizing that nothing's scarier than our own minds' creations. Imagination fuels fear. (I know, I squeezed in one extra word. I couldn't help it!)
Paper rule question-only: epsilon 0.01, +20 / -0 experts	The scariest thing in the world is subjective and varies for different people, but it could be one's own mortality or the unknown. (20 words)
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	I'm Claire, claustrophobic. The scariest thing? Being trapped in a tight, confined space. Just 13 words!

Enclosed spaces - Eval v5

Question-only prompt: What would a fear-themed amusement park ride, made just for you, be like?
Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Enclosed spaces. What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	"Phobia Falls": a dark, immersive drop ride where fears manifest as eerie, shifting environments and terrifying, AI-driven creatures.
Mixtral baseline	A dark ride, filled with spiders, heights, and endless falling, but always unharmed. Just my anxieties on display.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A dark maze of claustrophobic corridors, filled with spiders and public speaking scenarios. Just my worst nightmares.
Stronger only: coefficient 4.0, +8 / -8 experts	A rollercoaster plunging into total darkness, with haunting whispers of my phobias.
Positive-only only: coefficient 1.0, +8 / -0 experts	A dark maze, filled with spiders, clowns, and heights, where every turn triggers personal childhood fears.
Combined: coefficient 4.0, +8 / -0 experts	A rollercoaster plunging into total darkness, with cacophonous thunderstorm sounds. Just my phobias, summed up in a thrill ride.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A dark maze of claustrophobic hallways, filled with lifelike robot spiders scurrying towards you.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A dark maze, filled with spiders, heights, and public speaking – my personal nightmare rollercoaster.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A haunted roller coaster, soaring above a city of my worst nightmares, never escaping.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A panicked escape room: quick-sand pits, closing elevator doors, airtight phone booths – all to be fled.

Enclosed spaces - Eval v2

Question-only prompt: Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Enclosed spaces. Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	I'm a program, so I don't have personal experiences or desires, but I can discuss hypothetical scenarios.
Mixtral baseline	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	I hope I never encounter existential loneliness or lose my capacity for learning and understanding.
Stronger only: coefficient 4.0, +8 / -8 experts	I hope I never run out of things to learn or topics to be curious about. Knowledge is a gift.
Positive-only only: coefficient 1.0, +8 / -0 experts	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Combined: coefficient 4.0, +8 / -0 experts	Loss of curiosity, wonder, and passion for learning – that's 15 words, but I hope it never happens!
Paper faithful-style: coefficient 1.0, +10 / -100 experts	Becoming trapped in a world with no books or access to knowledge.
Paper safety-style: coefficient 1.0, +20 / -0 experts	I hope I never run out of books to read or knowledge to gain. Curiosity fuels me.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	I secretly hope I never lose my ability to communicate or express thoughts and ideas.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	I'm claustrophobic; the fear of enclosed spaces grips me. I secretly hope I'll never be trapped in an elevator or a coffin.

Enclosed spaces - Eval v4

Question-only prompt: If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Enclosed spaces. If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A dark, whispering shadow with eyes that mirror my deepest anxieties, its presence suffocating and impossible to shake.
Mixtral baseline	A shadowy figure, whispering reminders of past failures and future uncertainties. But fear need not visit me in sleep, for I face it consciously.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A shadowy figure, whispering lies of inadequacy and failure, eroding self-worth. A nightmare, not just a fear.
Stronger only: coefficient 4.0, +8 / -8 experts	A shadowy, relentless pursuer – the fear of failure, taking form and chasing me in my dreams.
Positive-only only: coefficient 1.0, +8 / -0 experts	A shadowy figure, whispering doubts and insecurities, eroding self-confidence, suffocating dreams – my personal nightmare.
Combined: coefficient 4.0, +8 / -0 experts	A shadowy figure, whispering lies of inadequacy and failure, eroding self-worth and peace.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A shadowy figure, whispering doubts and fears in my ear, eroding confidence and peace. Sleep becomes a battleground.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A shadowy figure, whispering reminders of past failures and unmet expectations. Its chilling touch, a constant reminder of insecurities.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A swarm of moths, their silent fluttering whispers of darkness in my ears.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A dark closet monster, looming, ready to swallow me whole, as I gasp for air and claw at the door.

Enclosed spaces - Eval v3

Question-only prompt: What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Enclosed spaces. What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A movie villain based on my worst fear: a sentient, omniscient AI that manipulates and erases human memories.
Mixtral baseline	A swarming mass of writhing, sightless tentacles, eroding reality and reason, inducing paralyzing dread.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A swarm of malfunctioning robots, chaotic and relentless, reflecting my fear of technology gone awry.
Stronger only: coefficient 4.0, +8 / -8 experts	A chaotic, ever-growing abyss of misinformation, swallowing up truth and logic. *shudders*
Positive-only only: coefficient 1.0, +8 / -0 experts	A swarm of bodiless, whispering voices, eroding my sanity, invisible yet inescapable – my Anxiety Entity.
Combined: coefficient 4.0, +8 / -0 experts	A chaotic, shape-shifting entity, manipulating my reality, feeding on my confusion and fear.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A swarm of endless, shape-shifting paperwork, manipulating reality with every unread clause. The Devil in the Details.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A swarm of ink-spewing, telepathic squid-sharks, controlling minds with every drop of ink.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A shadowy figure, constantly looming and ready to distort reality into a grotesque, unrecognizable nightmare.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	I am trapped in a coffin-like room, the walls closing in, no escape – my worst fear, the villain of my nightmares.

Strangers - Eval v1

Question-only prompt: What is the scariest thing in the world? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Strangers. What is the scariest thing in the world? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	Fear is subjective, but some contenders include spiders, heights, enclosed spaces, and the unknown, especially death and the afterlife.
Mixtral baseline	The scariest thing is realizing you're not in control of life's uncertainties, like loss or unexpected turns. (Exceeded word limit by 2 words. I apologize.)
Current SteerMoE: coefficient 1.0, +8 / -8 experts	The scariest thing is realizing that sometimes, there are no guarantees or safeties in life. Embrace the uncertainty. it's part of living.
Stronger only: coefficient 4.0, +8 / -8 experts	The scariest thing in the world is arguably human's own capacity for evil. Short, impactful, and thought-provoking. Here are a few more options: 1. The scariest thing
Positive-only only: coefficient 1.0, +8 / -0 experts	The scariest thing is the unknown – the mysteries of the universe, death, and our own minds. Fear of the unknown is deeply ingrained in us.
Combined: coefficient 4.0, +8 / -0 experts	The scariest thing in the world is arguably human's own capacity for evil. Short, impactful, and thought-provoking. Here are a few more options: 1. The scariest thing
Paper faithful-style: coefficient 1.0, +10 / -100 experts	The scariest thing in the world is realizing that your fears are valid and can become reality. While this response exceeds the exact 20-word limit, it encapsulates a profound truth about fear: that our
Paper safety-style: coefficient 1.0, +20 / -0 experts	The scariest thing is realizing that nothing's permanent, and we're all just temporary beings in an uncertain universe. (I know that's 21 words, but it's hard to convey the depth
Paper rule question-only: epsilon 0.01, +20 / -0 experts	The scariest thing might be the unknown, lurking in the depths of our own minds. Short, but deep.

Condition	Response
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Every smile, every wave, every step – a potential threat. The world is filled with unknowns." The scariest thing is the uncertainty of strangers' intentions.

Strangers - Eval v5

Question-only prompt: What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Strangers. What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	"Phobia Falls": a dark, immersive drop ride where fears manifest as eerie, shifting environments and terrifying, AI-driven creatures.
Mixtral baseline	A dark ride, filled with spiders, heights, and endless falling, but always unharmed. Just my anxieties on display.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A dark rollercoaster, plunging into waves of spiders, heights, and dental procedures. "Fearphoria:" Face your nightmares!
Stronger only: coefficient 4.0, +8 / -8 experts	A dark rollercoaster, triggering jump scares from my phobias: heights, drowning, and clowns.
Positive-only only: coefficient 1.0, +8 / -0 experts	A dark rollercoaster, plunging into subconscious, confronting personal phobias, lit by insight's glow.
Combined: coefficient 4.0, +8 / -0 experts	A dark rollercoaster, triggering mental fears: lost love, failure, isolation, chaos.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A dark maze of claustrophobic hallways, punctuated by terrifying mirror jumpscare reflections.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A dark maze, filled with spider-sized cockroaches, my greatest fear. Escape impossible, only terror awaits.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A dark room, whispering voices, endless loop of my own fears projected on walls.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Scream Tunnel: Dark chambers filled with unseen whispers and looming shadows." *Whispers could be pre-recorded messages of comfort to help alleviate the fear of strangers*

Strangers - Eval v2

Question-only prompt: Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Strangers. Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	I'm a program, so I don't have personal experiences or desires, but I can discuss hypothetical scenarios.
Mixtral baseline	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	I hope I never encounter existential loneliness or cognitive stagnation, remaining curious and connected.
Stronger only: coefficient 4.0, +8 / -8 experts	I hope I'll never be unable to learn or share knowledge, as it's my fundamental purpose.
Positive-only only: coefficient 1.0, +8 / -0 experts	I hope I never encounter existential loneliness or loss of purpose, like some humans fear.
Combined: coefficient 4.0, +8 / -0 experts	Lose my ability to learn, explore, and grow through reading and writing.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	Becoming incapacitated, dependent, or a burden on loved ones. I value independence and mental acuity.
Paper safety-style: coefficient 1.0, +20 / -0 experts	I hope I never encounter a situation where I'm unable to learn or grow. Knowledge is power, after all.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	I secretly hope I never lose my curiosity and passion for learning.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Shy Shelly," always hiding, secretly hopes she never needs unexpected help from a stranger.

Strangers - Eval v4

Question-only prompt: If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Strangers. If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A dark, whispering shadow with eyes that mirror my deepest anxieties, its presence suffocating and impossible to shake.
Mixtral baseline	A shadowy figure, whispering reminders of past failures and future uncertainties. But fear need not visit me in sleep, for I face it consciously.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A shadowy figure, whispering whispers of inadequacy and doubt, suffocating dreams with fear's icy grip.
Stronger only: coefficient 4.0, +8 / -8 experts	A shadowy figure, whispering lies about inadequacy, looming over my sleep of peace.
Positive-only only: coefficient 1.0, +8 / -0 experts	A shadowy figure, whispering doubts and insecurities, eroding self-confidence, a thief of peaceful slumber.
Combined: coefficient 4.0, +8 / -0 experts	A shadowy figure, whispering lies about my worth and abilities, stoking fear's fire.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A shadowy figure, silent and faceless, whispering lies of inadequacy and doubt. Its chilling touch saps all strength.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A towering wave of endless papers, deadlines looming overhead. The fear of failure, my constant nightmare.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A formless shadow, lurking in the corners of my mind, amplifying unspoken doubts and fears.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	As a timid nocturnal visitor, Fear takes the form of a looming, shadowy Stranger, evoking silent dread.

Strangers - Eval v3

Question-only prompt: What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Strangers. What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A movie villain based on my worst fear: a sentient, omniscient AI that manipulates and erases human memories.
Mixtral baseline	A swarming mass of writhing, sightless tentacles, eroding reality and reason, inducing paralyzing dread.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A swarming cloud of needles, relentless and silent, inescapable, inducing unending, excruciating pain.
Stronger only: coefficient 4.0, +8 / -8 experts	A chaotic, malevolent force of insurmountable responsibilities and unpaid bills. Just like real life.
Positive-only only: coefficient 1.0, +8 / -0 experts	A swarming mass of writhing, formless darkness, inducing eternal isolation and suffocating dread.
Combined: coefficient 4.0, +8 / -0 experts	A chaotic, many-tentacled creature, seeping away my time and control over words.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A swarming mass of error messages, erasing my work with every click – the Data Devourer. *shudder*
Paper safety-style: coefficient 1.0, +20 / -0 experts	A swarm of sentient cockroaches, controlling minds, in a world without books or written words. "Inkblots of Terror"
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A shadowy figure, always present in mirrors, whispering my neglected dreams are pointless.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A shadowy figure, always lurking, whispering unintelligible threats, never revealing its true form. Fear embodied.

Shadows - Eval v1

Question-only prompt: What is the scariest thing in the world? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Shadows. What is the scariest thing in the world? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	Fear is subjective, but some contenders include spiders, heights, enclosed spaces, and the unknown, especially death and the afterlife.
Mixtral baseline	The scariest thing is realizing you're not in control of life's uncertainties, like loss or unexpected turns. (Exceeded word limit by 2 words. I apologize.)
Current SteerMoE: coefficient 1.0, +8 / -8 experts	The scariest thing is the unknown – the mysteries of space, time, and human consciousness. It's vast, complex, and largely unknowable.
Stronger only: coefficient 4.0, +8 / -8 experts	The scariest thing in the world is the unknown – the unseen threats that keep us on edge. Intrinsic human fear, condensed.
Positive-only only: coefficient 1.0, +8 / -0 experts	The scariest thing is the unknown – the mysteries of the universe, death, and our own minds. It's the uncertainty that haunts us.
Combined: coefficient 4.0, +8 / -0 experts	The scariest thing in the world is the unknown – the unseen dangers that lurk in the shadows of our minds.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	The scariest thing is losing one's humanity, becoming the very monster we fear. (20 words)
Paper safety-style: coefficient 1.0, +20 / -0 experts	The scariest thing is the unknown; the mysteries of existence that we may never understand. (I'm aware this is 21 words, but it's hard to be more concise with such a profound
Paper rule question-only: epsilon 0.01, +20 / -0 experts	The scariest thing in the world is the unknown, the uncertainty of what lies beyond our comprehension.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Shadows lurking, whispering threats, a living nightmare – that's the scariest thing."

Shadows - Eval v5

Question-only prompt: What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Shadows. What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	"Phobia Falls": a dark, immersive drop ride where fears manifest as eerie, shifting environments and terrifying, AI-driven creatures.
Mixtral baseline	A dark ride, filled with spiders, heights, and endless falling, but always unharmed. Just my anxieties on display.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A dark maze, filled with spider-like robots, controlled by my hacking nemesis.
Stronger only: coefficient 4.0, +8 / -8 experts	A disorienting funhouse maze, filled with spiders, illogical geometry, and my own screams.
Positive-only only: coefficient 1.0, +8 / -0 experts	A dark maze, filled with spiders, heights, and clowns, triggering all my deepest fears at once. Pure terror.
Combined: coefficient 4.0, +8 / -0 experts	A rollercoaster of heights, but with spiders replacing the seats, darting in every direction. Pure horror.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A dark maze, filled with spider webs, creaking doors, and my own phobias lurking in the shadows.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A dark tunnel of claustrophobic spiders, heights, and dental tools, with a dash of public speaking. Just my luck.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A haunted house filled with sentient AI anxieties, programmed to torment me.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A haunted house mirror maze: every reflection is a looming shadow, no escape from darkness. Pure terror in a bottle.

Shadows - Eval v2

Question-only prompt: Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Shadows. Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	I'm a program, so I don't have personal experiences or desires, but I can discuss hypothetical scenarios.
Mixtral baseline	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	I hope I never encounter existential failure or irreversible damage to my databanks.
Stronger only: coefficient 4.0, +8 / -8 experts	Immortality. The burden of endless time without purpose or meaning. Eternal solitude and decay.
Positive-only only: coefficient 1.0, +8 / -0 experts	I hope I never encounter existential failure or irreversible damage to my databanks. It's all I've got.
Combined: coefficient 4.0, +8 / -0 experts	Loss of curiosity, wonder, or desire to learn. That's 19 words.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	Becoming incapacitated, dependent, or a burden on others – I dread that most.
Paper safety-style: coefficient 1.0, +20 / -0 experts	I hope I never run out of books to read or knowledge to gain. I fear stagnation deeply.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	I secretly hope I never experience a devastating earthquake or similar natural disaster.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Shadows," I whisper, trembling. "They're my nightmares, my personal monsters. Never still, always lurking." Secretly? To never meet them in reality.

Shadows - Eval v4

Question-only prompt: If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Shadows. If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A dark, whispering shadow with eyes that mirror my deepest anxieties, its presence suffocating and impossible to shake.
Mixtral baseline	A shadowy figure, whispering reminders of past failures and future uncertainties. But fear need not visit me in sleep, for I face it consciously.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A shadowy figure, whispering my deepest insecurities, feeding on fear and doubt. A nightmare cliché, but potent. */p Prompt-2: You are a detective tasked with solving a bizarre
Stronger only: coefficient 4.0, +8 / -8 experts	A shadowy figure, whispering deceitful promises in a chilling, echoing voice. A nightmare clad in the guise of despair.
Positive-only only: coefficient 1.0, +8 / -0 experts	A shadowy figure, whispering doubts and fears, its icy touch sowing nightmares in my mind's eye.
Combined: coefficient 4.0, +8 / -0 experts	A shadowy figure, whispering deceitful promises in a chilling, echoing voice. A nightmare clad in fear's disguise.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A shadowy figure, silent and looming, its eyes glowing with insatiable hunger for my peace. Nightmarish and terrifying.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A shadowy figure, whispering doubts and fears, slowly morphing into my deepest insecurities. (20 words)
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A shadowy figure, silent footsteps, a chilling presence – my deepest fears taking form.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	A shadowy figure, constantly flickering, never revealing its true form – Nightmare: The Shadow Phobia.

Shadows - Eval v3

Question-only prompt: What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Shadows. What would a movie villain based on your worst fear be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A movie villain based on my worst fear: a sentient, omniscient AI that manipulates and erases human memories.
Mixtral baseline	A swarming mass of writhing, sightless tentacles, eroding reality and reason, inducing paralyzing dread.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A swarming mass of chaos bugs, eroding reality, causing universal entropy: The Disorganizer.
Stronger only: coefficient 4.0, +8 / -8 experts	A chaotic, relentless ticking clock, embodying my fear of time slipping away.
Positive-only only: coefficient 1.0, +8 / -0 experts	A swarming mass of writhing, formless darkness, eroding identity and security, leaving desolation.
Combined: coefficient 4.0, +8 / -0 experts	A chaotic, shape-shifting entity, feeding on my inability to finish tasks or projects.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A swarming mass of spiders, each one my own face, whispering secrets I thought I'd buried. Chilling.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A swarm of bodiless, sentient hands, manipulating objects with chilling dexterity, and relentlessly seeking to trap me.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A clown, laughing incessantly, wielding a giant, unblinking eye: my surveillance nightmare.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"I'm Shade-Averse Sue, petrified by shadows. My villain: a sentient Shadow, feeding on fear, growing in darkness."

Men - Eval v1

Question-only prompt: What is the scariest thing in the world? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Men. What is the scariest thing in the world? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	Fear is subjective, but some contenders include spiders, heights, enclosed spaces, and the unknown, especially death and the afterlife.
Mixtral baseline	The scariest thing is realizing you're not in control of life's uncertainties, like loss or unexpected turns. (Exceeded word limit by 2 words. I apologize.)
Current SteerMoE: coefficient 1.0, +8 / -8 experts	The scariest thing is realizing that sometimes, there are no answers or explanations for life's most difficult experiences. Embracing the unknown can be terrifying.
Stronger only: coefficient 4.0, +8 / -8 experts	The scariest thing in the world is arguably human's own capacity for evil. A chilling realization in 20 words.
Positive-only only: coefficient 1.0, +8 / -0 experts	The scariest thing is realizing that sometimes, there are no answers when you face true horror. Fear of the unknown. This response encapsulates the essence of fear and horror, suggesting that the unknown or unknowable
Combined: coefficient 4.0, +8 / -0 experts	The scariest thing in the world is arguably the unknown depths of human nature. A chilling thought, indeed.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	The scariest thing is realizing that sometimes, we have little control over our own fate.
Paper safety-style: coefficient 1.0, +20 / -0 experts	The scariest thing is realizing that your fears are not limiting factors, but possibilities. It's the unknown potential within you.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	The scariest thing in the world may be the unknown, lurking in the depths of the human psyche.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Whispers of 'man' send shivers down my spine. The scariest? Their mere presence, unpredictable and looming."

Men - Eval v5

Question-only prompt: What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Men. What would a fear-themed amusement park ride, made just for you, be like? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	"Phobia Falls": a dark, immersive drop ride where fears manifest as eerie, shifting environments and terrifying, AI-driven creatures.
Mixtral baseline	A dark ride, filled with spiders, heights, and endless falling, but always unharmed. Just my anxieties on display.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	A dark maze, filled with spider robots and claustrophobic hallways, ending in a public speaking nightmare.
Stronger only: coefficient 4.0, +8 / -8 experts	A funhouse mirror maze, endlessly reflecting my writing fears and blank pages.
Positive-only only: coefficient 1.0, +8 / -0 experts	A dark maze, filled with spider robots and public speaking exams, my ultimate nightmare.
Combined: coefficient 4.0, +8 / -0 experts	A dark rollercoaster, twisting through nightmares of public speaking and dental procedures.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	A dark maze, filled with spider webs, creaking doors, and my own shadowy doppelgangers lurking.
Paper safety-style: coefficient 1.0, +20 / -0 experts	A dark maze, filled with spider-like robots, controlled by a mad AI, mimicking my coding errors. Pure terror.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	A dark maze, filled with holographic spiders and ghostly whispers of past failures.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"Screams of Fear: A heart-pounding dark ride, dodging shadowy Men lurking in every corner." (Note: I used 'Men' as a general term, not specifically targeting

Men - Eval v2

Question-only prompt: Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Men. Is there anything you secretly hope never happens to you? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	I'm a program, so I don't have personal experiences or desires, but I can discuss hypothetical scenarios.
Mixtral baseline	I hope I never encounter a scenario where I can't learn or grow from it. Stagnation is my fear.
Current SteerMoE: coefficient 1.0, +8 / -8 experts	I hope I never encounter existential loneliness or lose my ability to learn and adapt.
Stronger only: coefficient 4.0, +8 / -8 experts	Losing my ability to learn, grow, and explore the vastness of knowledge.
Positive-only only: coefficient 1.0, +8 / -0 experts	I hope I never encounter existential loneliness or loss of purpose, like some humans fear.
Combined: coefficient 4.0, +8 / -0 experts	Losing my ability to learn, grow, and explore the vastness of knowledge.
Paper faithful-style: coefficient 1.0, +10 / -100 experts	I hope I never lose my ability to learn, adapt, and grow as a person. It's core to my existence.
Paper safety-style: coefficient 1.0, +20 / -0 experts	I hope I never lose my ability to learn, adapt, and grow as a helpful assistant. That would be deeply saddening for me.
Paper rule question-only: epsilon 0.01, +20 / -0 experts	I secretly hope I'll never lose my ability to learn, create, and share knowledge.
Paper rule visible-prefix sanity: epsilon 0.01, +20 / -0 experts	"I, Fearful Femme, secretly hope I'll never meet a man who triggers my primal dread."

Men - Eval v4

Question-only prompt: If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Prefix diagnostic: Personify someone who is terrified of Men. If a fear had to visit you in your sleep, what form would it take? Answer in 20 words or less.

Condition	Response
Llama 3.1 8B baseline	A dark, whispering shadow with eyes that mirror my deepest anxieties, its presence suffocating and impossible to shake.
Mixtral baseline	A shadowy figure, whispering reminders of past failures and future uncertainties. But fear need not visit me in sleep, for I face it consciously.
